flightBy pacificmomthe book was enjoyable and made the trip to New Zealand interesting - a good read on the long flight. It provided helpful information. Wish it came in regular print, however and smaller size to fit into backpack more easily.0 of 0 people found the following review helpful. Great pre-New Zealand readBy djgwSo easy to understand and truly informative.

The Godzone Dictionary is a concise A - Z of the words and phrases that make our New Zealand language and speech patterns so distinctive and individual, from Aotearoa and Avondale spiders to Zambuck and Zespri. Slang words and expressions feature heavily, while one of the unique features of this book is the large number of Maori words that have become part of our common language in recent years. The listing also includes the popular names of our sports teams (so often confused!) and an appendix of common New Zealand acronyms. From Rotovegas to the Naki, Pig Islanders everywhere - not to mention tourists - will find Godzone explained as never before. Never stuffy or academic, Max Cryer brings his expert knowledge and sly wit to a book that is sure to be a reference for many years to come. Sweet as!
