Lucy Hone : The Good Honeymoon Guide: Includes Where to Get Married Abroad before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Good Honeymoon Guide: Includes Where to Get Married Abroad:

This comprehensive honeymoon guide features reviews of over 500 hotels worldwide, plus cruise information and an expanded on major honeymoon cities and the best romantic spots in 45 countries. "Finally, a guide for newlyweds with intelligence and a great deal of common sense".--"Travel Leisure". 30 full-color photos.

From Library JournalTravel writer and London resident Hone has compiled a travel guide for those wanting to plan a memorable and luxurious honeymoon but have no idea where to start. Covering over 500 hotels in 46 countries, from England and the Caribbean to Argentina and Hong Kong, Hone provides advice on where to go sailing or on a safari and what time of year to go: London (at Claridge's) anytime; Marrakech from October through May at La Mamounia and the Regent; and Fiji from May to October. The information provided for most of the few hotels listed is detailed and often indicates whether the hotel can host the wedding. Advice on the practicalities (visas, waiting periods) of getting married in various countries is minimal, as is the information on sightseeing and restaurants. This work is a useful starting place for any traveler looking for new countries to visit, but once a location had been chosen, additional, more detailed information will be needed.
