**Zev Vilnay : The Guide to Israel** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Guide to Israel:

0 of 0 people found the following review helpful. The ONLY Guide to Israel.By Howard WeinsteinThe ONLY Guide to Israel. I was in-country in '73 - '74 and used this excellent reference daily.0 of 0 people found the following review helpful. The Guide to IsraelBy Walter CogbillThis book means so much to me because iI met Zev Vilnay in Jerusalem when I lived there in the year of 19690 of 0 people found the following review helpful. Historians Guide to the Land of Israel, from 1964By Boston Savvy Shopper (MRB)A historically detailed guide to Israel. This was written before the 1967 Six Day War. Israel as a developing country has a rich and deep history. This is a treasure-trove of maps, detailed stories about the history of each place described, and a worthwhile guide for both Jewish and Christian visitors to the Holy Land. A true documentary history itself, this guide is full of drawings and observations that only a professor of history who is describing his home of more than 30 years, can produce. A great book for the collector. When you turn these pages, you feel like you are hiking and walking with the author at your side.
