Finally a book written by someone who knows what they are talking about!By mrcoinIt was one of those books that, when you start to read it you just can't put it down. A wealth in information for anyone planning to go to Cuba or just curious about Cuba. Well worth the small price I had to pay.1 of

If theres one thing that defines Havana Cuba, its the cigar, and for the cigar enthusiast, the ancient Caribbean City is at the center of the cigar universe. Here for the first time is a travel guide for Havana, Cuba, written for the cigar smoker. Author of Inside Cuban Cigars, Tabakmann has crafted this easy-to-use guidebook for the ultimate cigar getaway. All of Havanas cigar shops, factories, and master torcedores are listed, along with a handy cigar price guide. The book offers travel, lodging and food suggestions along with activities and places with the cigar smoker in mind. Imagine smoking a cigar while golfing, fishing, or touring the city. Theres also a special section for a day-trip to Pinar del Rio, the greatest tobacco farm-land in the world. (Updated 1-5-17)
