**Sir Ernest Henry Shackleton : The Heart of the Antarctic** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Heart of the Antarctic:

This is the story of the "Farthest South" expedition, told by its leader. After enduring biting winds, short rations and crevasse-ridden glaciers for over a year, Shackleton's party faced a desperate forced march to return to their ship, The

Nimrod, or face being marooned on the ice.

About the Author Shackleton was a national hero in England when he began his 3rd Antarctic trip. He had been knighted for his attempt to reach the South Pole between 1907 and 1909 after coming within 100 miles of his goal.
