Disorganized mishmash - poorly written.By scoobydoobyI thought the book would be a lot better. A disorganized mishmash - a few good stories of Cajun-redneck swamp encounters - but IMO quite poorly written. I can see where the author tried to write gonzo like Hunter S. Thompson, but the writing style quickly became tiresome. I wouldn't buy it again.1 of 2 people found the following review helpful. Birthday giftBy JeannaBought this as a birthday for my "great hunter" brother. I glanced through it and what I read was humorous. I think he will enjoy this read!

Join in on a trip that tests the spirit, the body and the sense of humor of everyone involved. The action starts as soon as Humberto leaves the house, and doesn't stop until he and his buddies have been shocked, scared, gassed, gored, trampled and battered into submission.

From Publishers WeeklyNew Orleans journalist Fontova has covered diving, hunting and fishing for specialty magazines like Bowhunter, Scuba Times and Sierra and penned a book about divers who spear fish from oil rigs (Helldivers' Rodeo) two years ago. Now the hellbent author and his equally hellbent pals are back, intent on stirring up more nonstop macho action. This time they hope to nail a wild pig during a Louisiana bayou "hunting-fishing-boozing trip." The pig chase doesn't begin until page 173, but no matter. The fun is getting there. Amid their "orgy of blood-lust, booze, and lechery; a three-day indulgence of our primal passions in primitive splendor," readers get fascinating factoids of Louisiana lore, ecology, geology, history, politics and wildlife, plus literary, cinematic and pop culture references. Navigating the French Quarter and the Mississippi Delta's shallow marshes and squishy mudflats, Fontova and company encounter gators and girls gone wild, "plumb, freakin' crazy" hog hunters, migrating waterfowl, mosquitoes and snakes. Fun comes as the gang razzes a greenhorn businessman along for the hunt: "I explained to him that we cut more business deals in hunting and fishing camps than on any golf course, but probably just as many in titty bars." Memoir adds to the madhouse mix, with Fontova's flashbacks erupting in an onslaught of anecdotes. Fontova's voice is powerful and compelling, and the hog hunt finale is worth the wait. The end result is something like Deliverance as written by Hunter Thompson.Copyright 2003 Reed Business Information, Inc.
