**Caspar van Baerle : The History of Brazil under the Governorship of Count Johan Maurits of Nassau, 1636?1644** before purchasing it in order to gage whether or not it would be worth my time, and all praised The History of Brazil under the Governorship of Count Johan Maurits of Nassau, 1636?1644:

Undoubtedly one of the most important European histories of any part of the New World of the seventeenth century,

and this rendering into English will make a valuable text far more accessible. The translation is of excellent quality and the introduction is both clear and helpful. Jonathan Israel, Institute for Advanced Study, Princeton University  
The historian specialized in the history of colonial Brazil will find this painstaking edition a safe haven. It not only illuminates the political and cultural splendor of John Maurice of Nassau, but it also makes a remarkable contribution to the knowledge of Dutch Brazil and the Portuguese-Dutch rivalry in the seventeenth-century South Atlantic world. Jorge Flores, Brown University

About the Author  
Blanche T. van Berckel Ebeling Koning worked for many years as a researcher and a rare book cataloguer at a number of academic libraries, including those at Harvard University and the Smithsonian Institution.
