I have always had a problem with illustrations/reproductions that cross the spine of the book - really sabotages the image I think, and it happens with most of the illustrations. In spite of that the reproductions are very good; in fact good enough to allow you to appreciate the remarkable quality of the lithographs.8 of 8 people found the following review helpful. Fabulous Art BookBy Lajeane KellerI have wanted this book for a long time, and treated myself to a copy of it. The David Roberts lithographs are fabulous. This particular edition has large copies of the lithographs.0 of 0 people found the following review helpful. Artistic excellence as an historical record from an earlier time.By Dr. M. C. L. HewittWonderful pictures with clever and helpful modern day photographs of the illustrated sites. The reading of the journal alongside

as text adds to the experience of a wonderful excursion to the Holy Lands over one hundred and seventy years ago.
