Fabio Bourbon, Enrico Lavagno : The Holy Land: Archaeological Guide to Israel, Sinai and Jordan (White Star Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Holy Land: Archaeological Guide to Israel, Sinai and Jordan (White Star Guides):

From Masada to Megiddo to Petra, this comprehensive guide helps readers explore and appreciate the Holy Lands manifold archaeological sites and attractions. Organized geographically, it is divided into chapters on Jerusalem, North

Israel, South Israel, Mount Sinai, and Jordan, spotlighting venerable and varied religious sanctuaries, ancient cities, massive cliffside fortresses, and the incomparable stone city of Petra. Authoritative text delves into each regions history, architecture, and archaeological highlights, accompanied by superb photographs of each site, floor plans, details of decorative motifs, statuary, architectural features, and much more. With its portable and durable flexibound format and the wealth of information it contains in a concise format, this book is an indispensable travel companion.
