Sami Awwad : The Holy Land in colour before purchasing it in order to gage whether or not it would be worth my time, and all praised The Holy Land in colour:

1 of 1 people found the following review helpful. Not as describedBy Christine LangfordThe copy I received was not as described. I had borrowed a different version which contained some beautiful photographs, especially a two page spread of Jerusalem. This was the reason I wanted to buy my own copy. The advertising blurb stated it was "the same book with a different cover," but it wasn't. The book I borrowed had 128 pages. The one I bought had 112 pages. The text was there but in a different design and many of the pictures were missing or miniaturised. I was very disappointed, having paid a lot of money to have it shipped over.0 of 0 people found the following review helpful. Informative picture bookBy Kristin Vorhieswonderful pictures and descriptions. Arrived on time and in good condition.0 of 0 people found the following review helpful. "Editional" ConcernsBy dakdakotaI bought a "year 2000" edition of this book when actually visiting Israel. Like it a lot but got wet in a flood. My effort to replace that version led to some confusion. I ordered three different copies for comparison sake, each a bit different but each is nice. Fine pictorial and written presentation of the Holy Land.

A colorful picture book of Holy Land sites, produced in the Holy Land, in 1975.
