John Mensinger : The Homeexchangeguru.com Guide to Trading Your Home before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Homeexchangeguru.com Guide to Trading Your Home:

1 of 1 people found the following review helpful. Best book on the subject By Paul Enjoyed this book tremendously-- humorous, informative and honest about how to prepare your home, spouse and family for the unique experience of

home exchange. His best advice "like should exchange with like"--We've taken this to heart when seeking a home exchange partner. We've swapped with several families with children and it's so wonderful to be able to exchange toys, booster seats, recommendations for kid friendly places and yes, even babysitters for a night out. Home exchange is not for everyone and this book will help you decide if you are ready for this type of travel experience. I'd recommend this to anyone seeking to find out about the real "ins and outs" of home exchange. 5 of 5 people found the following review helpful. Home exchange advice and stories. By Jay Bea This guide not only holds your hand takes you through the steps to doing a home exchange but it is also full of entertaining stories, of the authors family exchanges. It is thorough on analysis and jovial on some personal experiences. It definitely sets a good tone on a serious topic and an adventuresome vacation concept. It fills the gap on home exchange information.

This is a detailed travel guide book for families wanting to take an international home exchange vacation; there also is useful reference information and ten essays on actual home exchange vacations. There is an introduction to home exchange with a statistical analysis of home exchange and exchangers. Information is provided to help the reader decide if home exchange is for them and how to set up a home exchange listing and how to find and evaluate exchange offers. Negotiating with potential home exchange partners is covered as are preparations for the exchange and the actual home exchange itself. Reference material includes discussions of relevant concepts and things, a guide to home exchange by country, and a discussion and review of home exchange agencies. All this information is put into context by ten entertaining essays on the actual home exchange adventures of the author, his wife, and three children in France, England, Wales, Netherlands, Denmark, and Sweden.
