**Richard Danbury : The Inca Trail: Cuzco Machu Picchu (Trailblazer Trekking Guides)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Inca Trail: Cuzco Machu Picchu (Trailblazer Trekking Guides):

51 of 51 people found the following review helpful. Excellent trail guideBy A CustomerWe have just come off the Inca Trail, where we relied heavily on this book. The best features may be the maps, which enable you to see what is

ahead, where you can camp, etc. Danbury also has good descriptions of Cuzco and Lima and Machu Piccu itself. 8 of 8 people found the following review helpful. Excellent Detailed Description of Machu Picchu! By Eire Stewart Richard Danbury's book gives a detailed description not only of Machu Picchu and Cusco, but a host of other ruins in the area. The maps provided are detailed and allow a self-tour of each site. Recommendations for side tours are terrific, plus he provides alternate trails to Machu Picchu for "the road less traveled". There is a brief chapter on Lima, as well as shopping and travel tips for the region. Great book! 0 of 0 people found the following review helpful. Five Stars By William W. Great Book. Very helpful with planning a trip to Machu Picchu.

Rediscovered just earlier this century, "The Inca Trail" is now available for trekkers traveling from barren grassland to mountain high passes. In this valuable guide to South America's greatest hike is complete planning information including how to buy tickets and city guides of Lima and Cuzco. Seven different hikes are covered in the book, ranging from two day treks to two week treks and 25 trail-tested maps. There are also sections on Spanish and Quechua language and information to environmentally sensitive trekking in the Andes.

"So well written it is difficult to put this book down...If you are spending only one day in Cusco and one day in Machu Picchu the book's details will enrich your trip. If you are hiking the Inca Trail...this book is essential."--International Travel News (USA) "An excellent guide...offers a wealth of wise advice."--Toronto Star (Canada) "...really excellent. You cover everything from Inca history to flora and fauna..."--John Hemming "You need a guide. To be precise you need this one."--The Sunday Times (UK) "Comprehensive guide."--The Daily Telegraph (UK)
