My daughter, 6 years old, loved to fill out the pages and do the activities. We especially liked the post-it activity and the autograph page. She now has a treasured keepsake to look through and remember her fun times on the family vacation. She did need a little help with the pages, but doing them together made it more special. In the blank pages in back we also drew a picture of every species of animal we saw along the way. I would definitely buy this again!2 of 2 people found the following review helpful. Fun Inspiring

Journal for ChildrenBy Grammie BWhat a fun journal for recording your vacation. Fun and entertaining. Plenty of pages for drawings, notes, etc. My 6 1/2 year old granddaughter had a ball with it. Loved obtaining autographs from family, performers and historical people. Loved the pockets for memorabilia. Will help her look back and enjoy her trip for years to come.1 of 1 people found the following review helpful.
