From Stoked Publications : **The Kite and Windsurfing Guide Europe: The First Comprehensive Spotguide for Kitesurfing and Windsurfing in Europe** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Kite and Windsurfing Guide Europe: The First Comprehensive Spotguide for Kitesurfing and Windsurfing in Europe:

1 of 1 people found the following review helpful. Best guide for windsurfing/kiting locationsBy SALThis is the only guide that provides outstanding information for the best places in Europe for windsurfing and kiting. Another title

(The World Kite and Windsurfing Guide) also includes similar format. Lots of nice pictures, descriptions of local wind conditions, chop/wave/flat water information. The flow of the book and information very easy and pleasant to view and read. Having both guides also allows for anyone to make a decision to when or if to go a certain place. In addition to nice guidance for water conditions, information about the local life, hotels are provided. Both of these guides are highly recommended for serious or pleasure seeking intermediate level windsurfers/kiters.
