**Hoshang Ansari : the land of love Iran** before purchasing it in order to gage whether or not it would be worth my time, and all praised the land of love Iran:

This is very interesting book with high quality photos taken from different elements in Iran. book sectioned based on cities. villages, castles, mosques, historical building and also take close look at rurar part of the country. last section of the book nicely describe cultures in customs in country side and villages and with nice photos from Iranian distinct nature. this is very beautiful book with countless photos from Iran and Iran travel.
