Shelley Arenas, Cheryl Murfin Bond : The Lobster Kids' Guide to Exploring Seattle before purchasing it in order to gage whether or not it would be worth my time, and all praised The Lobster Kids' Guide to Exploring Seattle:

15 of 15 people found the following review helpful. Everything you need to knowBy A CustomerThis is the book I

was looking for. Knowing Seattle like the back of my hand I still needed inspiration for playing tourist with my kids in Seattle. And who better to write a guide to Seattle with children than two women who wrote for the top Seattle family magazines. This book will not only give you ideas on what to do, it will tell you what to expect to spend, how long you should plan to be there, what else is in the neighborhood, helpful hints to make the outing more enjoyable, and just about anything else you'd need to know about doing it. I now not only have a full week of adventures planned for this summer but ideas of other things to do for a long time to come. Yeah!

150 fun-filled suggestions for the whole family in Seattle

About the Author Shelley Arenas is the editor and site manager for the Seattle portal of LocalMom.com, a national Web site for parents. Shelley's two children, Dominic and Ashley, have been her frequent companions and "kid-testers" on many local outings.
