Seymour Schwartz, Ralph E. Ehrenberg : The Mapping of America before purchasing it in order to gage whether or not it would be worth my time, and all praised The Mapping of America:

0 of 0 people found the following review helpful. Packing was terrible - arrived with ends open By George J Varga Book exactly as expected. Packing was terrible - arrived with ends open, lucky book didn't fall out.

The authors of this book have combined a rich collection of American maps, from the first tentative chartings of a new land to contemporary satellite photographs, tracking the development of the nation as it has been explored, its boundaries established, and its resources charted. Never before has a project of these dimensions been undertaken. Includes over 223 maps, 84 reproduced in full color.
